ARE YOU READY
TO GO GLOBAL?

CROSSING BORDERS

AN EXCLUSIVE EVENING OF NETWORKING AND MENTORING
TO SUPPORT MANAGEMENT & INTERNATIONAL BUSINESS STUDENTS

Crossing Borders was successfully held last week at Miller Lash House.

Thank you to all the delegates, staff, alumni and students for attending.

Let's see what our participants say about the event.

Words from Delegates

"If you wouldn't do it, do it."

"Take the chance and travel like there's no tomorrow, travelling at a young age is a new, unique experience. Put yourself out there and expand your network. Meeting new people will unlock new opportunities and open the doors that you want to open. Enjoy your time as a MIB student."

Mithuran Manogoran

MIB Class of 2016

Manager, Unilever Canada

Co-founder, MIBA

"Plan, Plan, Plan."

"It is important for MIB students to research the country about cultural norms before going and knowing the political environment of the country would help MIB students to be aware of their surroundings. In the end, have fun when you are there and you will gain an amazing experience."

Maria Cristina

*Senior Advisor, Government of
Canada*

Words from Participants

"I am very grateful that I have the opportunity to connect with people through this event. It is very interesting to hear that two people can have completely different experiences even though they went to the same place at the same time! I learn that going to a different will be a brand new experience and there will always be goods and bads, but in the end, everything will be valuable."

Antoine Dufour

MIB Class of 2022

"Crossing Borders has a good mixture of alumni and employers. I can relate the knowledge learned from the International Organizational Behavior class to the useful information provided by the delegates."

Elnaz Morshedi,
